

DURAMAX DIESEL

MAINTENANCE PARTS GUIDE

A modern legend was born in 2000, when General Motors introduced the Duramax 6.6L Turbo-Diesel engine for the 2001 Chevrolet Silverado 2500HD and GMC Sierra 2500HD trucks. Since then, the Duramax diesel family has grown to include the 1.6L I4 Turbo, the 2.8L I4 Turbo, and the 3.0L I6 Turbo for the 2019 Chevrolet Silverado and GMC Sierra 1500LD trucks.

KEEP PUTTING POWER DOWN WITH ACDELCO PARTS

At General Motors, our trusted lineup of engines and transmissions all undergo a rigorous validation process that includes thousands of hours of real-world testing in some of the harshest environments. This "tested-tough" process, coupled with our use of the latest technology and state-of-the-art powertrain testing facilities, results in an exceptional product you can rely on.

Help keep your engine running like new by using ACDelco GM OE and Professional parts. ACDelco parts appear in more than 2 million GM vehicles each year, which makes us the only GM parts brand to offer the same Original Equipment parts shipped for GM vehicle production.

This reference guide is to help readily identify routine service parts for Duramax engines. Refer to our online catalog at acdelco.com for latest application information along with our complete line of automotive parts.

DURAMAX DIESEL

FILTRATION

PROFESSIONAL OIL FILTERS

ACDelco Professional Oil Filters are the GM recommended replacement filter for Duramax engines.

- ACDelco Professional Oil Filter nylon core is one and half times stronger than filters with metal cores
- Engineered with filtration to capture particulates as small as 30 microns
- Designed for OE filter change intervals OR synthetic oil drain intervals - whichever is longer

PF2232

ULTRAGUARD OIL FILTERS

ACDelco ULTRAGUARD Oil Filter offers a premium alternative for ultimate protection.

- Designed to withstand five times greater force than most engine operating pressures, after oil reaches operating temperatures, for a longer life
- Equipped with 98% multi-pass filtering efficiency at 25-30 microns for outstanding filtering capabilities
- Spiral wound steel core tested which is 30% stronger than "straight locked" core designs

DURAMAX DIESEL

FILTRATION

ENGINE AIR FILTERS

ACDelco's GM OE air filters supply the cleanest possible air with the least airflow restriction to diesel engines.

- Excellent filter capacity, efficiency and flow management for enhanced performance
- Equipped with tight seals to keep unfiltered air from entering the combustion chamber.

A3220C

A1618C

CABIN AIR FILTERS

ACDelco GM Original Equipment Cabin Air Filters are a GM-recommended replacement for your vehicle's original component.

- Uses electrostatic multi-layer inserts and can trap up-to 95 percent of dirt, dust, pollen and other unwanted pollutants (down to 10 microns in size) from outside air that is pulled into the vehicle through the fresh air inlet
- Has a layered construction that creates "separated" media in order to better contain dust and pollen particles, resulting in higher efficiency

DURAMAX DIESEL

IGNITION

GLOW PLUGS

ACDelco Professional Glow Plugs are specially designed to give diesel engines the heat they need for cold starts, and are a high quality replacement.

- Improves throttle response and reduces exhaust emissions
- Self-regulating to control electrical flow from the battery as temperatures rise to avoid overheating
- Full range of reaches – from 21 mm to 40 mm – to meet chamber requirements in a wide variety of applications

9G

FUEL INJECTORS

ACDelco offers Professional New or Reman Diesel Fuel Injectors to provide maximum performance with fewer exhaust emissions.

Reman units include:

- Chrome plated control valve seats to match the OE design
- Key assemblies are 100% replaced, never reused
- Remaining components have been completely disassembled, cleaned and tested to specifications
